## 4 WOMEN HURT IN TROLLEY CRASH.

Two Brooklyn Surface Cars Going at High Speed Collide with Terrific Force --- Open Switch the Cause.

Two trolley cars smashed together at St. John's Place and Rogers avenue, Brooklyn. Four women were injured, two seriously, and the cars wrecked. The seriously injured were: Lena Pine, thirty years old, No. 187, 100th street; internal injuries and shock; Seney Hospital. Miss Clara, thirty-one years old, No. 187, 100th street, fractures and contusions; Seney Hospital.

Miss Edith Nichols, eighteen years old, of No. 910 Gates avenue, suffered from shock, and Miss Adelaide Radcliffe, twenty-two years old, of No. 885 St. John's Place, received painful bruises. Both were removed to their homes after being attended by an ambulance surgeon.

The accident was caused by an open switch, which was used at that point to transfer cars from either track. Car No. 227, of the Nostrand avenue line, and car No. 601 of the Rogers avenue line, were bound in opposite directions and going at great speed when they came together with terrific force, throwing all the passengers to the floor and derailing the cars.

## LORILLARD HORSES TO GO AT AUCTION.

Sale of Rancocas Stable, Left to Mrs. Allen, Takes Place To-Morrow at Sheepshead Bay.

**SHEEPSHEAD BAY, Sept. 11.**—The Lorillard horses left to Mrs. Allen by the terms of the late millionaire's will will be sold at auction to-morrow in the paddock inside the race track. All the Rancocas horses will be placed under the hammer. There has been much speculation since the filing of the millionaire's will as to what would become of the thoroughbreds of Rancocas, and the announcement of the sale comes as a big surprise. It means the end of the historic stud, so prized by the millionaire and his family.

**CANNON, WANTED, DISAPPEARS.**

**POLICE CAPTAIN TAKES A CONVENIENT "VACATION."**

Counsel for Webster House Women Says Justice Jerome Must Wait Sixty Days.

Justice Jerome announced this afternoon that the examination of Mrs. Mack and Mrs. Julia Brown, the proprietress and co-owner of the Webster Hotel, of No. 140 West Sixteenth street, which was recently raided by the Police

hust Society, and the one in which Police Captain Gannon figures very unfavorably, would go over until the 30th of the present month, as it is impossible to find Capt. Gannon at present. Justice Jerome said that it was essential that Gannon should be present in order to sign his testimony. Former Assistant District Attorney Daniel O'Reilly, the counsel for the two women, said that Gannon was on his vacation and would not be back for about sixty days.

## PEST HOLE NEAR A SCHOOL HOUSE

5 CASES OF SMALL-POX TAKEN FROM BROOKLYN HOVEL.

No Warning Sent to School Opposite and Citizens Are Indignant.

Brooklyn's Board of Health has unearthed a pest-hole of disease in a hovel at the corner of Twentieth street and Fourth avenue, which is within seventy-five feet of Public School No. 60. The structure is city property.

It was found to be occupied by six families of Italian rag-pickers and a varied colony of rabbits, goats, rats, dogs and cats. Within the past week five well developed cases of small-pox have been taken from the hovel and one of the victims has died. In spite of the fact that the Board of Health knew of the pest-hole, no warning was sent to the principal of the school opposite, and many children would have been exposed to the plague had not Miss Francis M. Driscoll, the principal, refused to receive as pupils any of the children from the hovel. Citizens in the neighborhood are indignant because no action has been taken to rid the community of the pest-hole.

**PEKING PROTOCOL SIGNED.**

SMALL BLAZE IN THE EVERETT HOUSE.

An overturned pot of grease caused a small fire in the Everett House, at Seventeenth street and Fourth avenue, this afternoon. The damage was slight.

**AUTOS IN HEAVY STORM.**

FONDA, N. Y., Sept. 11.—Sixty out of sixty-eight starters from Albany this morning reported at Fonda for the noon trial. A heavy downpour made the roads very heavy, and speeding could not be indulged in. The morning run was of forty-four and one-half miles. This afternoon run will bring the survivors to Rensselaer, 242 miles from the start.

**HELD UP IN HIS OWN STORE.**

Nicholas Demanoglou, a Greek, twenty years old, a fruit dealer, was attacked in his store at No. 249 East One Hundred and Thirtieth street, this afternoon by two of his fellow countrymen who reside in the same house. After locking the door they demanded \$55 he had in his possession, and beat him when he resisted. The police arrested the Greeks and they were held in \$2,500 bail.

## Assassin Refuses to Eat or to Speak a Word, and His Demeanor Leads Jailers to Suspect that He Intends to Feign Insanity.

Czolgosz, the President's assailant, has refused food for the last twenty-four hours, and will not utter a word when addressed. He sleeps little and is in a highly nervous state. His watchers think he is either on the verge of collapse, attempting to starve himself or feigning insanity.

Emma Goldman was arraigned in a Chicago police court to-day and her hearing postponed until Sept. 19, at which time the cases of the other Anarchists under arrest will be heard. Her lawyer will ask for a writ of habeas corpus in her behalf.

## PLOT TO KILL CHAMBERLAIN.

ALLEGED MURDERER SAYS HE WAS OFFERED BRIBE OF \$10.

Frenchman Tells a Remarkable Story of Plan to Assassinate the Colonial Secretary.

Sept. 11.—Martial Faugeron, Frenchman, who was charged to-day at Clerkenwell Police Court with the murder of Herman Jung, an old Jeweller of Clerkenwell, about ten days ago, told a remarkable story of a plot to kill Joseph Chamberlain, the Colonial Secretary. Faugeron said he had been the recipient of small loans from Jung. The day of the murder Jung summoned him to his shop, where they discussed the misery caused by the South African war, which Jung declared Mr. Chamberlain was responsible for, and told Faugeron that if he could kill Mr. Chamberlain he would guarantee him a fortune, tendering him £10 to buy good clothes in order to enable him to approach his victim. Faugeron says he refused, that Jung declared he should not leave the shop alive, and that the latter picked up a heavy iron, rushed on Faugeron and felled him to the ground. Faugeron thereupon drew a knife and stabbed his assailant in the neck. The prisoner, who signed the foregoing statement, was committed for trial. Jung was a noted Socialist, the last

## PLOT TO KILL DUKE OF YORK.

Police Receive Warning of a Conspiracy by Italian Anarchists Who Have Arrived in Montreal.

(Special to The Evening World.)

MONTREAL, Sept. 11.—The news that several Anarchists have arrived in this city for the purpose of taking the life of the Duke of York as soon as he arrives here has startled the local police. They refuse to state how much faith they put in the communication, which was a private one made to the Mayor. The information is very positive, and the writer says that, being an Italian, he does not desire to have the reputation of his country trampled in the mud any further by his Anarchist countrymen. He signs an assumed name, which, as far as can be made out, is Giovanni Cabani. He expressed the opinion that when the President had recovered sufficiently the ray would be used. Some of the physicians, including Dr. Rixey, he said, are of the opinion that it would be desirable to know exactly where the bullet is. ## DOCTORS WON'T USE THE X-RAY

MILBURN HOUSE, BUFFALO, N. Y., Sept. 11.—Dr. H. A. Knoll, the X-ray expert, announced this afternoon that he would return to New York to-night. The doctors, he said, were agreed that there was no immediate prospect of any success for the use of the X-ray to

## CAMDEN SUSPECT SET AT LIBERTY.

(Special to The Evening World.)  
CAMDEN, N. J., Sept. 11.—Adelbert Stone, who bet a fellow-employee on last Friday morning that McKinley would be shot before night, was released from jail this afternoon upon order of the Federal authorities at Washington. It was decided that Stone knew nothing of a conspiracy, and his capture was simply accidental.
